

EXPERIENCED RELIABLE PROFESSIONAL

PROTECTING YOUR WORLD WITH INDUSTRIAL SECURITY

Teachout Security Solutions is uniquely qualified to deal with all aspects of an industrial facility's security needs. Teachout professionals has been successfully protecting a wide variety of manufacturing building and complexes since 1981. Our Industrial Security Program can assist in the reduction of unwanted crime, vandalism, and false worker's injury claims. Our trained, professional security officers lower these risks through the following practices:

- Continuous Security Program improvements
- High Visibility of a professionally dressed officer
- Access control into and out of authorized areas
- Frequent patrols of the property
- Detailed and accurate reports (written or electronic)
- Loss Prevention
- Risk Management
- Emergency Procedures implementation and execution
- Fire extinguishers and fire suppression systems expiration check
- Employee safety
- Hazardous material responsibilities
- Scale House Operations

Our officers are aware that they are not only representing Teachout, but your organization as well. Professional, reliable and prepared are the hallmarks of our world class services.
